THE FOUR-WAY TEST

Of the things we think, say, or do

The Four-Way Test is a nonpartisan and nonsectarian ethical guide for Rotarians to use for their personal and professional relationships.

1.

Is it the **TRUTH**?

2.

Is it **FAIR** to all concerned?

3.

Will it build **GOODWILL** and
BETTER FRIENDSHIPS?

4.

Will it be **BENEFICIAL** to all
concerned?

Mahishasura Mardini

On 2nd October 2024, members of our club gathered online to listen to Mahishasura Mardini by Birendra Krishna Bhadra. We woke up at 4 am early morning to listen to this enchanting Composition, pleading Maa Durga to descend from her celestial abode onto Earth. As the sun rises, hearts resonate with devotion, and our homes echo with quiet moments of prayer. So, we embraced Mahalaya - the bridge between mortal and divine - as we prepare to celebrate Durga Puja with reverence and joy.

Exuberance

On this month, the club organized its first-ever Fundraiser Cultural Program, EXUBERANCE. This program aims to collect funds, which will be donated to a Children's Hospital and a Cancer Hospital. To call EXUBERANCE 2024 just another cultural program would be a misnomer. This assembly of singers and dancers full of talent, passion, and energy, organized by the Rotaract Club of Durgapur Central Presidency, in association with the Helping Hut NGO Kolkata, was a memorable evening full of colors. November 24 was the date and Children's Little Theatre Gariahat was the venue for a dazzling display from these special performers. They put up such well-crafted and executed performances, that the audience felt their oozing energy running through their veins. An audience of around 150 that included students, parents, dancers, teachers, and guests witnessed something spectacular. Famous Writer-Director Mr. Jayabrata Das and Co-founder and CEO of Poddar Financial Solutions Mr. Debjit Podder lit the inaugural lamp, followed by their felicitation. Mr. Debjit Podder shared a few words, dedicating himself to the Rotaract Movement his experience in Rotaract, and how effective this event is to the movement. The evening started with a beautiful dance performance by Bhatpara Udichi Nritya Kala Kendra. Founded in 2011, the Bhatpara Udichi Nritya Kala Kendra started with a few students. Currently, it is one of the most famous dance schools in Barrackpore, led by Mrs. Sisirkana Mukherjee, who is a Kathak and Bharatanatyam Expert. Next in line was the Energized Hip Hop Dance group Team Samridhi. The group was founded in 2019 by Mr. Subham Hela, an Internationally Certified Hip Hop & Creative Movement Expert.

The band performed three beautiful Bengali Folk Songs, with a lovely mix of sounds from instruments like dhol, bamboo flute, and guitar. Finally, the show-stopper performance came from the band Distorted Chromosomes. The band was formed in the year 2015, as a school band for the school Patha Bhavan Kolkata. Even after school, they carried on their journey, and after 9 years, today they are led by Mr. Boidurjyo Chowdhury, followed by Hiten Mukherjee, Sayar Ghosh, Surja Dutta, Indrayudh Kar, and their Production Manager Abhipret Debnath. Recently they got nominated for the Mirchi Music Award for their original composition "Hypocrite". The band ended their performance on a high, and the curtains came down with a final dance number from the Bhatpara Udichi Nritya Kala Kendra. At the end of the event, every participant received Food Packets and Cold Drinks. The event was a huge success, with the main goal being achieved, i.e. raising funds for the cause. We thanked all the groups for coming to the event and performing with such energy and passion, which symbolizes the energy of Rotaract, or one can say the YOUTH.

PinkBird

On 16th of August, 2024, our club jointly organized Project Pink Bird with RAC Ashoka Artisans - RID 3012. In this event, we donated sanitary napkins to women to empower them. Also, we tried to break the taboo by donating sanitary napkins with the help of male members of the club and tried to provide them the knowledge that menstruation is all about science and has nothing to do with gender hence as a consequence talking about this with male members of the society is reasonable.
